Attention is drawn to the following:

- i) the organisation of the syllabus into Units and Modules;
- ii) the merging of the Plane and the Solid Geometry sections into Unit 1: Plane and Solid Geometry;
- iii) the revision of the percentage weighting of papers and profile dimensions;
- iv) the rewriting of Unit 3: Mechanical Engineering Drawing;
- v) the restructuring of the School-Based Assessment component;
- vi) the addition of Computer Aided Drafting as an option.
